## Story - 160,000 sq. ft. Commercial Office

### Property Manager's Challenge

Implement a successful corporate recycling program for commercial warehouse.

### Reduction In Motion's Solution

Engaged more than 200 employees on how to properly separate waste without interrupting daily work flow. Created a custom waste flow strategy and implemented it in a waste management system. Provided ongoing education and support on and off-site.

### Results

Increased recycling to 87% in just 1 month.
